Comfortable relaxation, fantastic design and unshaken quality – these are the main features of Galaxy group. Sit in this armchair and everything will be so clear. This is an ideal set for any occasion. We clashed the ageless classics of garden furniture with some intriguing modern design. And we hit the bingo! Not only did we get a fantastic fresh style, but also one of the most comfortable collection of garden furniture. To make timeless chairs even more interesting, we gave them unusual profile.

They are unusually comfortable. Both a coffee with friends and a lengthy business meeting are just as comfortable – as long as you have Galaxy. The table was rounded and its outline was smoothed. Its top is fixed on slender frame and reliable legs. Hard and solid black locust wood makes this set a purchase for a long, long time.

Kansas White

Kansas is a lavish set of shaped garden furniture, characterized by functionality, comfort and elegance. All thanks to delicately shaped seats with adjustable tilt.

Vertical slats add an interesting touch to this line of furniture, making it ideal for a barbecue or just pure leisure.

Another merit of the KANSAS set is that you can easily fold it and save precious space in your summerhouse during cold winter!

MAJA

LONDON

WEEKEND

STELLA

GIANT

Solano Line of furniture combines tradition and modernity of style and material. Solid acacia wood and light aluminium will satisfy even the most demanding tastes. Contemporary design accentuates and adds to the modernistic character of your garden or terrace and enhances its appeal.

Solano furniture is perfect for other places, too. Its exceptional allure works great in stylish modern restaurants, hotels or spas.

Another advantage is its armchairs are stackable.

Why is Solano furniture a good choice? Because it is tastefully elegant, incredibly comfortable and offers unique style and atmosphere. Its delightful form will add refinement to any place. Esthetic and modern, it is truly hard to beat.

London collection is a fresh approach to classical and timeless garden design. Inspired by sunny Crete we equipped this collection with beautiful light frame.

Backrests and seats became more subtle thanks to applying alternative type of screws hidden in the back of the frame. A delicate glittering colour gives the gently bent metal shapes a totally new look.

In spite of solid metal construction the furniture look light and delicate. Powder-coated frame guarantees top resistance to external factors. Hard black-locust wood is the best possible

choice to produce reliable furniture and its honey colour ideally corresponds to the metal.

This style has got a lot of faces. It perfectly matches a garden surrounding, a romantic manor house as well as a bright terrace in pastel colours. It will ideally tone down a garden full of flowers or match light and clear design.

Our Maja and London collections enjoy a great popularity with pubs and restaurants. Thanks to their solid construction they can endure hard everyday work and, as they fold easily, their storage is not a problem at all.

Created for furniture. Ready for everything.

Make the fine even more wonderful. This is the task our accessories, as our additional offer, have to face.

Joy for the eye. And the body.

The materials used for cushion production were selected to give you the sense of luxury and comfort. They ideally match all the furniture, and the covering fabric Dralon®, are 100% acrylic fibre. This durable and functional fabrics are excellent material for outdoor furniture. Unlike most of manufacturers, we additionally waterproof them with Teflon so that they are more resistant to rain, dirt and temperature.

The extraordinary softness of our cushions comes from special polymer and neoprene fillings. They are soft and at the same time bounce – sitting in such an armchair or on a sofa with such filling you can feel the seat gently matches your weight. A patented channel system removes water from the cushions, so even after a heavy rainfall they are ready to be used.

The play of colours

Totally trendy piano black or timeless Arctic white. Or maybe juicy red or electric blue? Our palette of colours has something for everybody. Both calm and vivid fabrics. We also offer a variety of materials, from delicate natural cotton to all achievements of textile industry including Sunbrella®, Dralon® and Batyline®.

Accessories of great importance

Our ACCESSORIES section also offers furniture supplementing our collections. Our couches – huge and comfortable – are some of the most spacious available on the market. They are also practical – they have wheels which help to move them around easily. Deckchair got a comfortable footrest, wide and comfortable armrests as well as graded bending adjustment. It's folding and also has wheels – using it is nothing but pleasure. Practical and elegant box for storing cushions, garden and grill accessories has pneumatic lifts to open and close gently and safely. We also offer a rocking chair and black locust floor systems. Enchant your garden with our accessories!
