

Outdoor

of  *STILE*®

2021

The logo for PF STILE features the letters 'PF' in a large, bold, black, stylized font. To the right of 'PF', the word 'STILE' is written in a red, italicized, sans-serif font, enclosed within a red, rounded rectangular border. A red diagonal line runs from the bottom left towards the top right, passing through the 'PF' and 'STILE' text.

Outdoor

In recent years, the outdoor has become an increasingly important environment, and therefore requires greater attention. PF STILE interprets this trend by proposing a series of solutions for external spaces that include both our homes and the outdoor of restaurants, pubs, bars and cafeterias. We propose a collection of products that meet different needs: practicality - with light and easy-to-clean materials; flexibility - some items are stackable to facilitate handling and to allow them to be stored at the end of the day; resistance - the materials used are not damaged by atmospheric agents or sunlight. Each item is designed in detail to fit well in any open-air space, and we believe that you need different solutions in order to live outdoors in total comfort. We propose a modular counter that can also be lighted, to be combined with Swing stool; a series of tables such as models Vision, Matrix and Blade Runner; our Lounge armchair, with its original and captivating line; Rock pouf and Pepper chair; and Flash and Diamante lamps to light your space up.

Here are our models: get inspired!

Androyd

*Androyd
& Swing*

***Androyd
& Link***

Androyd &

Androyd is a modular bar counter, entirely made of polyethylene, easy to maintain and suitable for both indoor and outdoor use. It can be accessorized with a worktop in HPL or polyethylene, up to a maximum of three shelves. In the lighted version, Androyd will create fascinating light effects. It can be easily combined with other elements, up to a maximum of six, thus creating a completely circular closed counter, or by adding the Link element to create continuous and sinuous curves. It is customizable in its original form, responding to different needs of space and design.

***Blade
Runner***

***Blade
Runner***

Blade Runner

Blade Runner is a line of furniture designed for outdoor use, entirely made of polyethylene, which combines practicality of use with an original geometric design. This line consists of lounge and breakfast table bases, poufs, lamps and a modular bench. All Blade Runner products are available in four stock colors (black, white, cappuccino or cement) and are perfectly resistant to atmospheric agents, UV rays, water and heat.

Lamps

In the Blade Runner line we also find two polyethylene lamps, designed for outdoor use: Diamante and Flash, available in neutral sandblasted finish. They are equipped with a special lighting kit that can be perfectly used outdoors. The lamps, taking up the geometric shapes of the Blade Runner line, give life to interesting light games that will create a pleasant and cozy atmosphere in any terrace, restaurant, bar or nightclub.

Diamante

Flash

Lounge

design by STODE

Lounge

Lounge is a cozy armchair made entirely of polyethylene, which makes it light and with small proportions. Suitable to be placed outside without any problem. Its shape is fluid and geometric at the same time. The wide armrests and its ergonomic seat make it original and attractive.

*Pepper
Matrix*

design by MICHELE MARCHIORI & SALVATORE FERROSO

Pepper Matrix

Con creatività e passione PF STILE ha ideato Pepper matrix, sedia composta da un fusto centrale in alluminio e una scocca in polietilene disponibile nei colori nero, bianco, cappuccino e cemento. Il suo design graffiante e unico la rende ideale a soddisfare le esigenze di svariati concetti d'arredo dai grandi spazi del contract (sia indoor che outdoor), alla dimensione pubblica o dell'ufficio sino a quella privata e residenziale. È sicuramente una sedia funzionale, compatta ed espressiva con la sua scocca di facile manutenzione.
