**A LONG  
HISTORY *of*  
MADE IN  
*italy***

Grazie alle tecnologie più avanzate, all'accurata selezione delle materie prime e alla lavorazione artigianale, i prodotti La Romana sono in grado di durare nel tempo, resistendo anche alle condizioni ambientali più estreme.

Tutti i prodotti in iroko verniciato ad impregnante con resina acrilica all'acqua (green) pigmentata tinta teak, contengono assorbitori UV e hanno una protezione superiore. Le radiazioni ultraviolette vengono bloccate in superficie, il legno si mantiene vivo e la tinta teak non si screpola.

Dall'uscita del prodotto simbolo per eccellenza: il lettino Capri, la raccolta della nuova gamma di prodotti continua a rappresentare l'essenza del brand ed è la testimonianza di oltre 50 anni di storia e innovazione Made in Italy.

*Thanks to the most advanced technologies, the careful selection of raw materials and the craftsmanship, La Romana products are proven to last over time, resisting even the most extreme environmental conditions. All iroko products are impregnated with teak pigmented water acrylic resin (green) and contain UV adsorbents that offer superior protection. UV radiation is blocked on the surface which keeps the wood alive. The teak tint will not crack over time.*

*The growth of the brand has not stopped since the release of Capri sunbed, symbolising product excellence. The collection of the new product range continues to represent the essence of the brand and it is the testimony of over 50 years of Made in Italy history and innovation.*
