tebe
lamp

“Guardando Tebe si ha la sensazione di osservare una scultura che gioca con la sua matericità e la sua linfa, la luce.”

–
“When you look at Tebe, you have the feeling that you’re looking at a sculpture that plays with its materiality and its lymph, which is light.”

Needs. Studio

designer

Needs è lo studio italiano che per Plust ha disegnato Tebe, una piantana dalle linee essenziali caratterizzata da una texture superficiale che la rende un oggetto vivo, dalla forte percezione materica, quasi fosse una colonna di pietra scolpita.

Marco Brunato, Davide Gerlin e Matteo Coracin sono i fondatori di Needs. L’unione delle loro soggettive visioni e competenze genera quello che è stato descritto come un design ibrido e contemporaneo.

–
Needs is an Italian design studio that has created Tebe for Plust, a floor lamp with essential lines characterized by a surface texture that makes it a living item, with a strong material perception, almost as if it were a sculpted stone column.

Marco Brunato, Davide Gerlin and Matteo Coracin are the founders of Needs. The combination of their subjective visions and skills generates what has been described as a hybrid and contemporary design.

fade
family

“Ho disegnato Fade con forme sinuose e morbide come tessuti le cui sfumature rigate si animano alla luce del sole.”

—

“I designed Fade with sinuous, smooth shapes like fabrics whose striped nuances come alive in the sunlight.”

Marco Gregori

designer

Insieme nel progetto

Marco Gregori è il designer italiano che per Plust ha ideato la famiglia Fade, caratterizzata dalla singolare superficie rigata che enfatizza gli effetti chiaroscuri tipici dei materiali naturali.

Laureato in ingegneria all'università di Padova e formatosi in Francia, Gregori è cofondatore dello studio di progettazione DID studio con il quale affronta i temi dell'architettura e del design offrendo punti di vista non convenzionali.

—

Together in the project

Marco Gregori is the Italian designer who has created Fade family for Plust with its unique striped surface that emphasizes the chiaroscuro effects typical of natural materials.

Graduated in engineering from the University of Padua and then trained in France, Gregori is co-founder of DID studio with which he approaches the themes of architecture and design, offering unconventional points of view.

Tessuto jacquard dall'estetica sobria che ricorda le strutture in rafia. Consigliato per un utilizzo in aree coperte, combina funzionalità e resistenza con un'accogliente sensazione di comfort.

Jacquard fabric with an understated aesthetic reminiscent of raffia structures. Recommended for use in covered areas, it combines functionality and durability with a welcoming feeling of comfort.

Composition: 60% PP - 27% PES - 13% CO

Tessuto jacquard morbido al tatto e resistente alle intemperie, caratterizzato da una tramatura casuale che crea un movimento sottile ed una qualità organica.

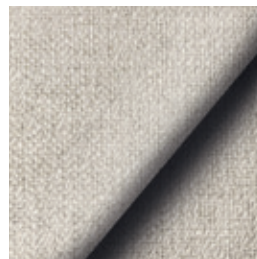

Soft and weather-resistant jacquard fabric featuring a random weave that creates subtle movement and an organic quality.

Composition: 81% PP - 15% PES - 4% PU
