The new Cast Iron bases

We designed these new cast iron bases to be functional, refined and minimalist at the same time. Capitol, Petra and Petra Double are the new arrivals amongst the cast iron collection. They are aesthetically diverse, but highly versatile, in order to be suitable for various environments. Original and refined shapes, standing out among more classic lines, are perfect for the ones who want to be different. Check them out!

Capitol Line

Capitol is the brand-new PF Stile's line, entirely made of cast iron, with an essential yet strong and bold design. It has a particular square ballast, that makes this line unique and perfect for the contract world. It is available in three different heights and can be customized with various finishes.
