Gli arredi Dolcefarniente outdoor sono ideali per l'arredamento di spazi esterni ed interni. I materiali di elevata qualità e resistenza e il design, sobrio ed elegante, permettono di affrontare allestimenti diversi per caratteristiche estetiche e funzionali.

Le strutture portanti sono interamente realizzate in alluminio dello stesso colore dell'intreccio. I piani dei tavoli, fissi ed allungabili, sono proposti in vetro temperato, marmo e legno.

Gli intrecci, in resina VIRO® di 9 colori, sono resistenti agli sbalzi di temperatura e ai raggi UV, alla salsedine e al cloro, ai funghi e ai parassiti. Inallungabile ed idrorepellente, la resina, materiale a manutenzione zero, offre un effetto estetico naturale alla vista e al tatto.

Le parti imbottite, realizzate in poliuretano espanso e ovatta, sono rivestite con tessuti per esterni idrorepellenti e antimacchia SUNBRELLA®, o tessuti forniti dal cliente. Per una maggiore protezione delle imbottiture è disponibile, a richiesta, l'impermeabilizzazione totale delle stesse.

In virtù della lavorazione artigianale gli elementi di arredo Dolcefarniente sono disponibili su misura.

Dolcefarniente outdoor furnishings are ideal for outdoor and indoor spaces. The materials of high quality and resistance and the design sober and elegant, give the possibility of creating different atmospheres with aesthetic and functional characteristics.

The carrying structures are entirely made in aluminium in the same colour of the synthetic wicker. The table tops, fixed or extensible are available in tempered glass, marble and wood.

The weaves in Viro® fibres are available in 9 different colours and can withstand very high and very low temperatures, are resistant to UV, salt, chlorine, fungi and parasites.

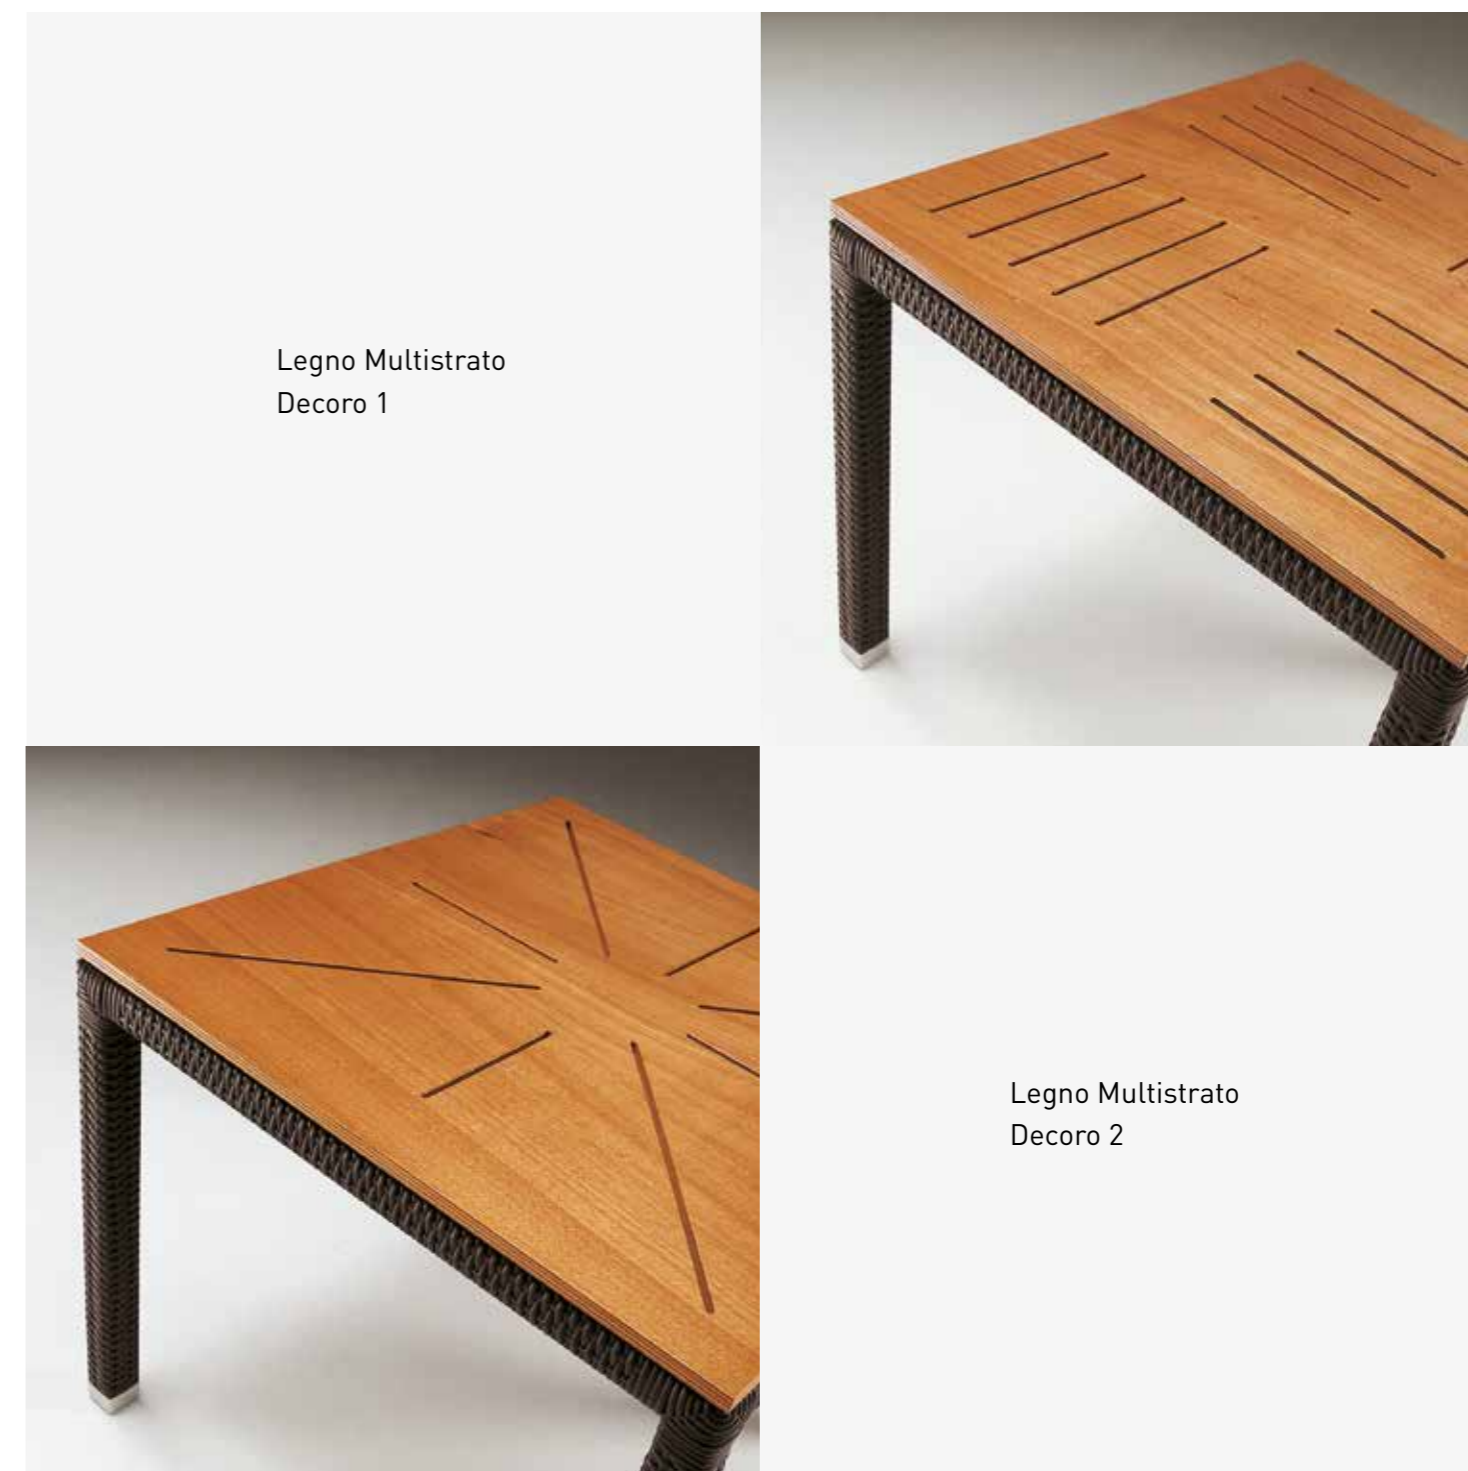

Non stretchable and hydrorepellent, the resin is maintenance free, furthermore it has a natural aesthetic effect to the sight and tact.

The upholstered parts in polyurethane, synthetic fibre can be covered with Sunbrella® outdoor fabrics with a special finish for protection against stain and water, or client's own material. For the greater protection of the cushions is available, on request, the total waterproofing system.

In virtue of the hand-crafted work, Dolcefarniente furniture are available customized.

## Piani tavoli legno multistrato

Alternativi a quelli presentati in catalogo

## Campionario vetri

**Vetro:** spessore 10 mm - temperato - verniciato / **Glass:** thickness 10 mm - tempered - lacquered.

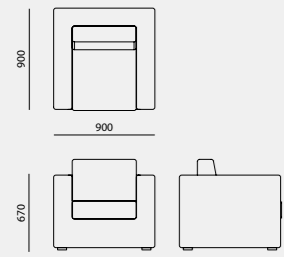

## Campionario intrecci

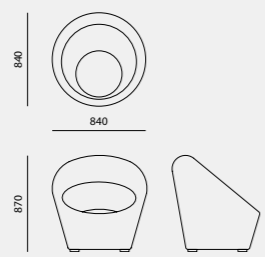

I presenti campionari, trattandosi di una riproduzione in stampa, sono puramente indicativi rispetto ai colori e ai materiali reali / Colours are not binding. They are indicative of the actual colours.
