Characteristics

The Saya Collection showcases the timeless beauty and authenticity of traditionally fired, handcrafted plant pots. Each piece exudes an earthy allure and possesses its own distinct character, enhanced by slight variations in colour and texture that result from meticulous artisanal techniques.

These pots are perfect for both indoor and outdoor use, bringing natural elegance to any setting. Add a touch of nature to your living space or terrace and create your personal green sanctuary.

Beyond their aesthetic appeal, these pots are designed for enduring performance in outdoor environments. Their remarkable resilience is evident through their UV and weather resistance, ensuring they maintain their charm even when exposed to the elements. Therefore, we recommend a proper handling and storage to avoid any risk of winter damage.

Elevate your outdoor oasis with the Saya Collection
by Vincent Sheppard – where timeless design meets
enduring quality, creating an ambiance of natural
beauty and sophistication.
