I nuovi tavoli e sgabelli in cemento Botero, in particolare, si presentano ora in diverse versioni e colorazioni, prodotti più classici, come gli Jar arricchiscono la propria gamma di diverse misure mentre i top in marmo ceramico aggiungono accessori estetici e funzionali.

Innovazione, creatività e ricerca si affiancano alle qualità, di resistenza, confort e praticità che connotano da sempre tutte le proposte di Vela Arredamenti.

MATERIAL IDEAS FOR CONTRACT

Steel, wood, cast iron, concrete: Vela Arredamenti products for 2023 explore and interpret combinations of materials that become innovative furnishing items and proposals for both indoors and outdoors.

The new Botero concrete tables and stools, in particular, now come in different versions and colours, more classic products, such as the Jars, enrich their range of different sizes while the ceramic marble tops add aesthetic and functional accessories.

Innovation, creativity and research go hand in hand with the qualities of resistance, comfort and practicality that have always characterized all the proposals by Vela Arredamenti.
