J A N U S e t C i e®

Our extraordinary partnership with Poltrona Frau Group and Haworth was inspired by their excellent reputations in all aspects of design and leadership. The group, collectively and individually, has consistently demonstrated an historical commitment to privately owned, carefully grown businesses for many generations. In every respect, these qualities also describe the exceptional people who, over the past 40 years, are JANUS et Cie. We operate today in multiple market sectors: residential, hospitality, contract, site and marine.

HAWORTH®

Founded in 1948, Haworth remains family owned and privately held and serves markets in more than 120 countries through a global network of 650 dealers and 7,500 employees. The company's net sales were USD \$2.25 billion in 2019.

JANUS et Cie®

A COMMITMENT TO
INNOVATING
RESPONSIBLY

THE REDUCTION AND ELIMINATION OF WASTE

JANUS et Cie provides products produced with recycled content that average over eight years of elegant durability, and which can be recycled after use.

THE MANAGED LIFECYCLE OF OUR WOODS

JANUS et Cie is only uses wood obtained from known, legal, and well-managed timber sources. Carefully managing our forests around the world actually prolongs the life cycle of the strongest species, allowing more thorough growth and oxygen generation for the planet.

THE USE OF RECLAIMED MATERIALS

Many of the products in our accessories offering are created through the use of by-products, or materials that were used once and discarded. The longer we preserve the life cycle of a product, the more we reduce the impact of waste and the penalties of waste processing.

THE USE OF RECYCLED MATERIALS

Our original, proprietary JANUSwood is created by the safe production and regeneration of post-consumer waste presented by dairy containers.

THE USE OF RECYCLABLE MATERIALS

Our aluminum products are recyclable, and all of our stainless steel is recyclable.

THE INTERIOR OF OUR CUSHIONS

Often overlooked, interiors are commonly one of the most chemically-intensive elements of cushions and upholstered furniture. Ours are made from non-dyed, recyclable fibers.
