We Make

TWENTY YEARS OF MAKING

"In questi vent'anni abbiamo creato sempre nuovi protagonisti capaci di distinguersi e di renderci unici. Abbiamo così lavorato per creare prodotti che identificassero in maniera univoca SLIDE, come un segno distintivo: i mobili luminosi, i complementi pop, la collezione Design of Love, le panchine Amore e WOW, i tavolini Ambrogio e Amanda, la collezione Afrika…Tutti questi affiancati alle poltrone, alle sedie, ai tavoli più classici e alle lampade dal design contemporaneo ed elegante".

Giò Colonna Romano

Siamo giunti al nostro ventesimo anno di attività, un traguardo ma anche un punto di partenza, in cui abbiamo adoperato la nostra arte del fare per realizzare arredi e luci che rendono più preziosi i luoghi dove avvengono le storie di ognuno di noi. “Fare” per noi ha un significato duplice: siamo produttori, per questo conosciamo fino all’ultima particella utilizzata per creare i mobili; ma siamo anche creatori di idee, in cui il nostro “We Make”, la nostra filosofia, si plasma su un progetto iniziale studiato internamente o con i designer di fama internazionale che in questi venti anni hanno collaborato con noi. Seppur giovane, la nostra storia è quella di un’azienda nata dalla voglia di dare forma a idee e intuizioni che poi sono diventati i nostri punti fermi.

Nel 2002 Giò Colonna Romano fonda SLIDE, con il desiderio di creare stupore e meraviglia. La prima intuizione è arrivata addirittura prima della nascita di SLIDE: forme semplici, come sfere e cubi, creati con materiali traslucidi, la cui lampadina all’interno fa uscire una luce omogenea che arreda. Semplice e magico. Con la conoscenza trentennale dei materiali plastici, ci siamo spinti oltre, per sprigionare tutte le potenzialità dello stampaggio rotazionale, ed ecco che la seconda geniale intuizione è il mobile luminoso, diventato ben presto un must-have nel settore degli eventi. Tutto questo ha portato SLIDE ad essere conosciuta in tutto il mondo.

2011

Nel corso della sua storia, SLIDE ha saputo crescere, innovare e differenziarsi, offrendo un arredo completo per l'outdoor e l'illuminazione di grandi spazi, di progetti residenziali e contract, ma anche piccoli protagonisti per la casa.
Con il cambio generazionale avviatosi nel 2015, Marco Colonna Romano, supportato da un team giovane e appassionato, trasforma SLIDE in un brand di design a tutti gli effetti, aumentando l'offerta e affiancando alla tipica produzione pop e colorata una linea sempre più articolata e raffinata, in grado di soddisfare i gusti degli architetti e ideale per il settore hotellerie e contract.

L'immagine che ne risulta è di un'azienda giovane e innovativa che poggia su solidi principi fin dalla sua nascita: l'alta qualità del Made in Italy e la continua ricerca dell'eccellenza della tecnologia dello stampaggio rotazionale. A forme e colori giocosi, si aggiungono così combinazioni con altri materiali, nuove texture tattili e sfumature e nuance che solo SLIDE è capace di realizzare. Sempre radicata nel suo territorio di origine – a Buccinasco, alle porte di Milano – dove hanno sede gli uffici e il polo produttivo, SLIDE porta il suo nome e i suoi prodotti in più di 130 paesi in tutto il mondo.

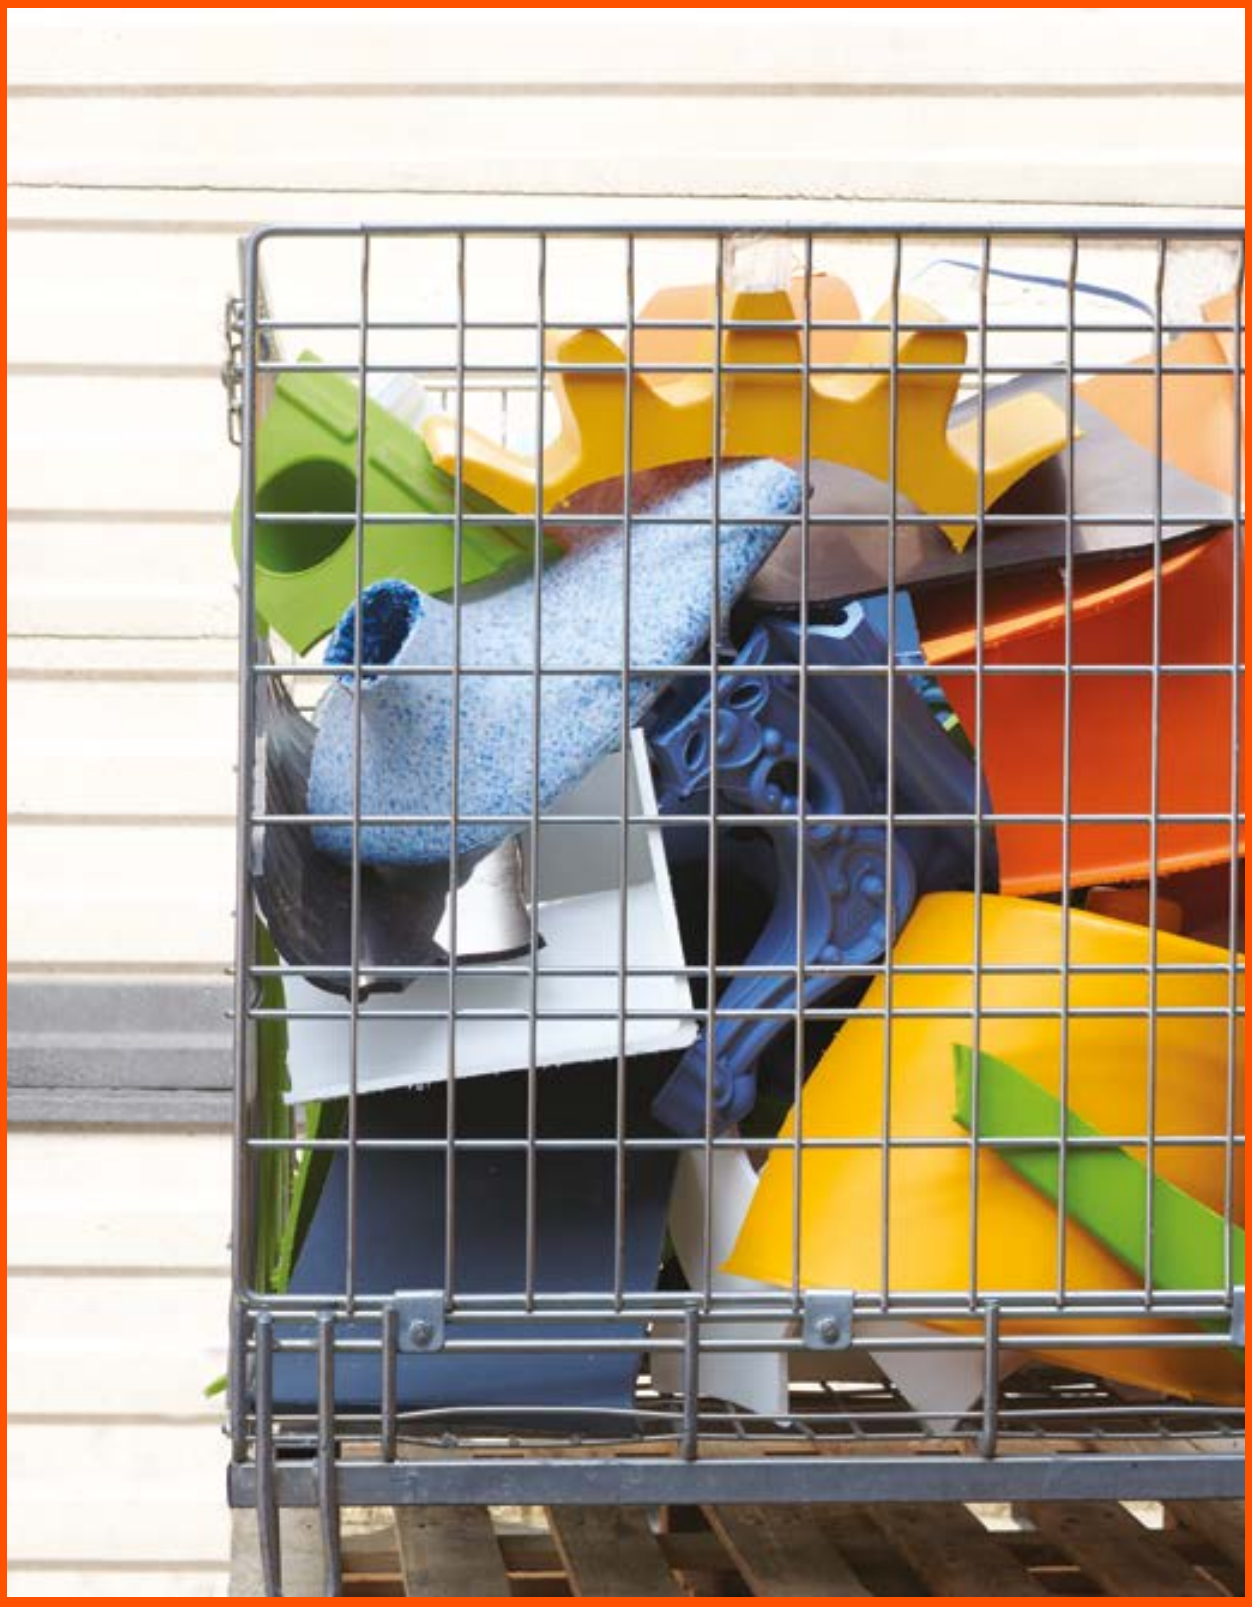
We Make
IN ITALY

Fin dal principio, uno dei nostri obiettivi è stato quello di portare la qualità, la creatività e la cultura del Design Made in Italy in tutto il mondo, nel segno di un materiale che ci permette di esprimere al massimo le nostre potenzialità: il polietilene a bassa densità, lavorato secondo un processo che mira a ridurre al minimo le emissioni parzialmente nocive. Grazie alla collaborazione di tutti i reparti con il dipartimento di ricerca e sviluppo, negli anni siamo riusciti a unire un'anima artigianale al processo industriale. Nasce così una linea in cui nuance e finiture diventano non replicabili e ogni prodotto risulta così unico.

Vogliamo che il nostro Made in Italy sia una scelta etica, in cui le idee e la realizzazione delle stesse avvengono tutte all'interno dello stesso stabilimento. Scegliere un prodotto SLIDE vuol dire scegliere un design sostenibile e permettere che la bellezza e la qualità siano alla portata di tutti.

We Make

SUSTAINABLE



La nostra produzione è interamente svolta nell'ottica del percorso virtuoso dell'economia circolare. A iniziare dalla nostra tecnologia dello stampaggio rotazionale, che riduce al minimo le emissioni potenzialmente nocive e con un basso impatto ambientale. Inoltre, grazie all'installazione di pannelli solari sui nostri capannoni, abbiamo dato una netta svolta nell'utilizzo di fonti rinnovabili che rendono l'azienda ancora più indipendente dal punto di vista energetico.
Creati in polietilene 100% riciclabile, i nostri prodotti arrivati a fine vita ritornano polvere plastica, pronta ad essere utilizzata per altri mobili, in particolare nel colore Jet Black, 100% riciclato. Il riciclo, altresì, dà vita alla sezione più raffinata della nostra collezione, tramite la laccatura del prodotto, nostro fiore all'occhiello.
La verniciatura della superficie dei nostri prodotti permette di coprire eventuali graffi o piccole imperfezioni che possono nascere in fase di produzione e di recuperarli così in oggetti molto più alti, con la stessa resistenza di tutti gli altri.

Grazie al nostro dipartimento di Ricerca e Sviluppo e ai nostri fornitori abbiamo introdotto nuove materie prime, più etiche e durevoli. Ambrogio e Amanda sono infatti prodotti con una nuova plastica, Geco, composta al 30% da Ecoallene, un materiale interamente riciclato proveniente dalle scatole di Tetrapack, altrimenti destinate agli inceneritori. La collezione Afrika, nei suoi colori più materici, è realizzata in bioplastica, un nuovo materiale che deriva dalle fibre naturali della canna da zucchero. Nelle nuove collezioni abbiamo voluto guardare non solo all'estetica del prodotto ma anche alla bellezza del mondo che ci circonda, che vogliamo preservare grazie al basso impatto ambientale.

We Make ART

KARIM RASHID - TWIST, 2011

SLIDE Art è un progetto di opere scultoree in cui Arte e Design si incontrato unendo le loro principali peculiarità: il Design diventa un'opera più alta concettualmente, mentre l'Arte diventa un prodotto riproducibile serialmente, in numero limitato.
Il pensiero e la creatività incontrano così l'artigianalità italiana dando vita a un nuovo concetto di Arte, che plasma la materia innalzandola a opere scultoree prodotte in pezzi limitati, numerati e certificati.

SLIDE Art è una fucina di idee in cui designer e artisti possono sperimentare forme, materiali e concept, supportati dalle competenze, conoscenze ed esperienza maturate da SLIDE, in un dialogo capace di unire in un'unica opera due anime, quella del Design e quella dell'Arte, così affini e così diverse. Alessandro Mendini, Karim Rashid, Anna Gili, Sacha Sosno, Jean Claude Fahry e Ben Vautier sono solo alcuni dei nomi di lustro che hanno partecipato al progetto.

TERRAZZA APEROL - MILAN (ITALY)

Nel corso degli anni, abbiamo migliorato il comfort, insieme all'omogeneità della luce e l'ergonomia dei prodotti. Così abbiamo sviluppato mobili sempre più elaborati, abbiamo giocato con texture e nuance capaci di impreziosire il polietilene, abbiamo ricercato elementi e accessori che innalzassero il nostro prodotto a un bene raffinato.

Abbiamo perfezionato le nostre luci, così che fossero capaci di regalare atmosfere ancor più suggestive. Da ciò emerge un'offerta di arredo completo per ogni tipo di progetto contract indoor e outdoor.

The hexagonal shape of the individual cells allows the user to personalize each cell, and this will automatically create a rather artistic picture of the various objects as they are not aligned in a strict horizontal fashion".
